

Berzeit University Research Groups

Main group	Description	Main goal	Sub- Groups Titles	Group Leader	Group Members
Applied Research in Economics and Business	To conduct research in relevant economic and business related issues including economic development, business incubators, trade and business and sectorial issues.	To examine different ways in which research can add value to relevant economic and business concerns within Palestine but to feedback this research into generating knowledge for educational purposes. The research group also aims to engage students and local business in understanding and articulating the needs and responses.	<ul style="list-style-type: none"> • Economic development, • Business incubators, • Information technology and business 	Samia Al-Botmeh	<ul style="list-style-type: none"> • Grace Khoury, • Omar Omran, • Nujoud Habash, • Antone Sabella, • Youssef Naser, • Yousef Hassan, • Samir Baidoun, • Mirabo Shammas, • Suhail Sultan, • Fairouz Darwish, • Shireen AlBasha, • Wojdan Farraj, • Maunice AlFar
